CAREGIVERS PERSONAL EMPOWERMENT A DISCOVERY INTO SELF

ONE DAY WORKSHOP

ALIGNMENT WITH YOUR LIFE'S MISSION

Many of us do not yet understand our life's mission, why are we here and why our lives evolved as they have. These personal discovery workshops were created to explore and develop awareness as to our personal and professional life mission.

Through acts of loving-kindness our mission is the spread of love and joy throughout society creating and celebrating beauty as caregivers.

Educational institutions have never addressed and are not equipped to explore or develop this specialty, therefore we as beauty caregivers have been ignored and or demoralized as second-class citizens and professionals, its time to regain our power and become aware of our important role in society.
